Reindeer Project

Article by: Madison Hirschfelt, 5

In Mrs. Shirkey's class we got to make a flying reindeer. The objective in this project is who can get the reindeer the farthest with only construction paper, glue, a balloon, tape and a straw. Whose group will win?

Holiday Voki

Article by: Emma Morrison, 4th gr

In Mrs. Masterson's class we are making a Voki about Christmas. How you do it is you write a script in google, and when you are done copy and paste into on Voki and create your character. Last but not least, send it to Mrs. Masterson.

Rachel's Challenge

Article by: Sophia Mendyk, 3rd

The 4 rules of Rachel's Challenge are be kind, do nice things, include others, and start a good chain reaction. Let's say you and your friend were fighting because you disagreed on something and you started to yell and so did your friend. Instead of yelling you should say Toothpaste and walk away. Stay calm. Toothpaste means don't bully me. I don't like what you said. Please just stop and don't talk to me.

Fitness Monopoly

Article by: Wyatt Wasmuth, 4th

Photo by: Wyatt Wasmuth, 4th

In Mrs. Stanley's class we are doing fitness monopoly. It is a game when you have one person roll a dice then you go that many spaces forward. There are different things to do. There is push ups, tunnel, jumping jacks, planks and more.

Souper Bowl Supper

Article by: Caleigh Berney & Trinity Eberhardt, 5th gr.

This is one of the many bowls students have made for the Super Bowl Supper. All of the bowls are made out of Earthenware clay. We donate the money that is earned to charity or services in need. It will be a blast. Please come and support the RES students at the annual Souper Bowl Supper.

Wind Blower

Article by: Conner Lariviere, 3rd

In science we did a fun activity. It was where you made a house and the roof and a fan. The fan was supposed to blow off the roof. Mine worked every time.
