China

Article by: Luella Whipkey, 4th

In Ms. Winters' class we did a report about China. We learned a lot, but I am going to tell you one fact. One fact we learned is that red is a traditional color in China. Even for weddings! So I hope you enjoy our poster, and have a good day!

In Mrs. Goodman's class we are reading Words Add Up to Success. It's about how Jaime Escalante inspired kids to lean and to do better in school and those kids had a bad education. He used real life examples and jokes.

Partial Products Rectangle

Article by: Emma Morrison, 4th

In Ms. Bergquist's class, we have been practicing partial products rectangles. It is basically breaking down a math problem so it will be easier to solve. We start with a rectangle and break it into two pieces. Take the tens place value of the number and write it in a box. Take the ones place and write that in one of the boxes to. Multiply it by a number on both numbers. Add them up and you have your answer! I hope this helps!

Martin King Jr.

Article & Photo by: Lillian P.

In class we learned about Martin King Jr. We learned that he sang and prayed with black people. Also on the second day he was in Tennessee, someone shot him. So we learned he had a speech. He said, I have a dream that white little boys and girls can hold hands with black little boys and girls.
